MKN SpaceCombi

Made for you.

Everyday challenges in the kitchen

Food is at the heart of our day-to-day lives. Good food gives us a buzz. Exceptional food creates memories.

The kitchen is where those feelings are created, where skill and passion unite to deliver unique taste sensations that won't be forgotten.

In an ever-changing world of trends and customer needs, chefs are constantly challenged to deliver an impressive menu that is fast, fresh and full of flavour. This challenge is imposed onto not just master chefs, but also untrained and temporary staff in increasingly limited kitchen space, making highly-functional equipment more important than ever.

The SpaceCombi by MKN is the perfect solution to these challenges. With all the features of a full-sized combi steamer, which can guarantee quality and efficiency, the SpaceCombi also takes up a fraction of the space, making it an ideal partner for operators around the world.

Increasing rent for kitchen space

Demand for theatre-style show cooking

A variety of features required

High standards on hygiene

Smaller kitchens mean less preparation space

Increased demand for energy efficiency

Fresh production vital

Ease-of-use important for untrained staff

MKN SpaceCombi

The first professional compact class.

Ideal for every environment and everyone.

As a compact combi steamer, the SpaceCombi addresses the growing concerns of modern chefs and operators. With a focus on space, flexibility and independence, the SpaceCombi boasts innovative technology that has been – **made for you.**

Space to innovate!

Skill and creativity are the two key elements that make a leading chef. These are backed up by the efficiency of the kitchen and space to do what they do best.

By choosing the cooking equipment that is aligned to your kitchen, menu and individual needs, your skill and creativity can flourish.

The SpaceCombi has been specially designed for space-saving kitchens and is easy-to-use not just back-of-house, but also in front-of-house cooking, self-service areas and more.

MKN SpaceCombi. Maximum effectiveness in minimal space.

As flexible as market trends

Never before have trends been as fast-paced as they are today. This also applies to the foodservice sector. Customer wishes are constantly changing and demands are growing. Now, food not only has to taste good but also has to be healthy. The offer is varied, presentation is appetising, dishes are prepared before guests' eyes and cooking is celebrated as art.

MKN has adapted to suit the changing needs of the market with the SpaceCombi. Complete with two cooking chambers, this equipment is small, compact and easy-to-use. It comes with an array of options, from steaming to frying, all in just one device - guaranteeing the fulfilment of the customer's desires.

SpaceCombi
team

Maximum taste, minimum space.

From succulent fish to buttery croissants and juicy chicken, the SpaceCombi ensures that guests are always impressed with fine quality cuisine cooked to the highest standards - all within just 55cm.

With two separate cooking chambers, you have complete control of your menu. Each chamber is individual. While one chamber is steaming, the other can be baking, ensuring maximum efficiency at all times.

The SpaceCombi also boasts a variety of different features such as Guided Cooking which supports the user throughout the entire process while ensuring consistent quality.

Take on the out-of-home market

The out-of-home market is booming and so too are the number of sales points. Offerings are frequently popping up in places where professional cooking technology just isn't available. In response to this, MKN has developed the ideal technology in order to ensure you are perfectly prepared for the latest challenges.

With no ventilation needed, create culinary excellence anywhere*

Freedom, for chefs and customers.

Today, fast and fresh are at the top of a customer's desires when it comes to food. Whether it's the latest street food vendor, at the weekly supermarket or the local fuel station, a tasty snack on-the-go is always appreciated.

For these small service sites, the SpaceComb is vital. It's compact, powerful and even has its own integrated ventilation system, meaning that there's no compromise on quality, no matter where you're serving!

*In due consideration of local indoor air regulations

Safe, efficient, unlimited cooking

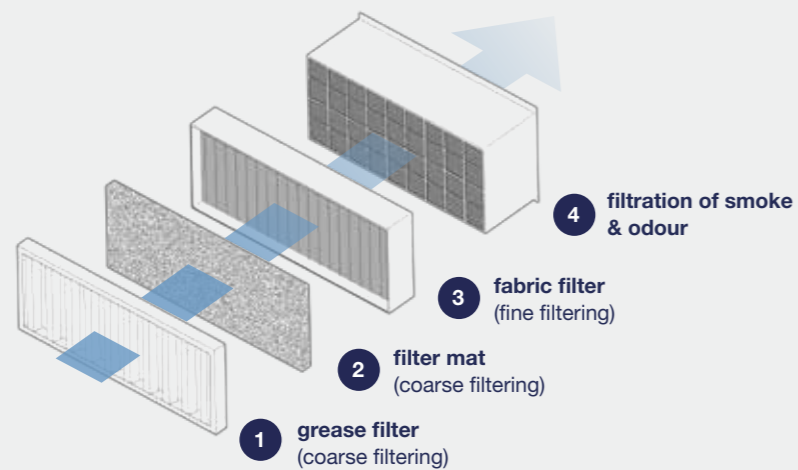

Cooking without limits. The SpaceCombi Magic Team opens up exciting new potential for chefs. This fully-functioning combi steamer is not just compact, but is also completely self-sufficient thanks to its integrated Magic Hood ventilation system.

Thanks to the Magic Hood, the diverse demands of customers and guests can be fulfilled anywhere and everywhere, without compromising on quality, variety and freshness. All you need to do is install, connect and get cooking.

Ventilation with a touch of magic

The Magic Hood has four-stage filter technology which effectively removes blue smoke, grease and odours. This ensures a fresh room climate and a pleasant atmosphere.

Unpleasant odours, blue smoke and fumes are neutralised and steam is condensed. *

With the integrated exhaust hood, food sales are no longer limited to locations with a ventilation system.

Full-featured Combi-steamer with 2 x 6 GN 1/1 inserts with a width of just 55 cm.

Simple handling: just remove the filter and clean it in the dishwasher

of just 55 cm.

Eating is an experience for all the senses. With that in mind, new food concepts need to pay increasing attention to the overall dining experience. As the kitchen and guests move closer together, food has to be presented attractively for front-of-house cooking.

Using a multi-stage filter concept, blue smoke, grease and unpleasant odours are removed, as well as steam and fumes. This ensures customers can always enjoy a pleasant atmosphere without any on-site exhaust air system.*

The SpaceCombi's Magic Hood makes cooking in the front easier than ever before. Its innovative technology ensures a pleasant room climate for staff and guests, regardless of whether you are baking or grilling.

Take away the stress – with automatic cleaning from WaveClean®

Users no longer need to worry about the time and energy needed for manual cleaning. With the Wave Clean, your costs could be reduced by 40%*. In one process, your SpaceCombi is left sparkling clean in seconds, leaving you more time to concentrate on what's important: conjuring culinary excellence for your guests.

* compared to manual cleaning

Take away the stress with automatic cleaning

Wave Clean performs automatic to deliver an efficient, hygienic and safe cooking space. Using just one sealed two-in-one cartridge for detergent and rinsing concentrate, even the tiniest corner is cleaned with just approximately 19L water consumption.

Simply insert a cartridge and it's ready to go!

No additional costs for protective clothing or cleaning agents

Complete interior cleaning without manual re-cleaning of the hygienic cooking chamber door with closed triple-pane glazing.

Life Time Protection System

Installation and maintenance made easy.

With all the technology of the SpaceCombi in a drawer, the installation and maintenance process is easier than ever. The drawer is easier to open and close from the front and can be completed by just one service employee.

- Integrable
- Easy access from the front
- Only one operator required
- Electrics are stored in a single drawer
